

VIDEO PRODUCTS

Steno provides video services to let you capture case-critical witness reactions on video and help you get the most out of each deposition.

STANDARD VIDEO

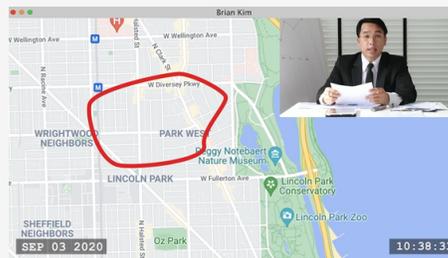

Video of the witness with name, date, and timestamp

PICTURE-IN-PICTURE (PiP)

All benefits of Standard Video, plus:

- A video thumbnail of the deponent is overlaid on the shared exhibit
- A clip of the PiP can be used in the trial to show a deponent's reaction to an exhibit

TEXT-TO-VIDEO SYNC

All benefits of Standard Video, plus:

- Video plays along with the transcript and matches word per word
- Attorney can create clips to use in trial
- Can be used to create closed captions

TEXT-TO-PICTURE IN PICTURE SYNC

All the benefits of Standard Video, Picture-in-Picture (PiP), and Text-to-Video Sync, plus:

- The attorney can see the current presented exhibit with a live reaction from the witness
- The attorney can easily navigate to different segments of the video by clicking on the transcript that has been synced to the PiP video
